'HUMAN' – THE POEM BEHIND THE WORK

There are stories beyond love stories  
There are people beyond people  
As the drapes fall  
And the skin exposed  
We are human beyond human  
If love thrives to limits untold  
Then the eyes see, vision unfold  
We become angels beyond angels  
But when the blood is cold, ground turns red  
We bleed black and a tilted head  
I'm the devil beyond the devil
